For a more objective viewpoint, look at how colleges are accredited by government agencies such as the National Board of Accreditation for technical courses and the National Assessment and Accreditation Council for others. Ranking published in magazines may also be helpful. Scan prospectuses for description of course content. Especially with autonomous institutions, the different papers you will study each semester may differ even for the same course. Ask about the fees you will have to pay and check for any hidden costs in the fine

print, ensuring that the total charges conform to government norms. Find out about the scholarships you are eligible for and whether bank loans are available.

Teachers are all important, find out about the academic qualifications of the faculty team, their reputation in research and whether there is a sufficient student - teacher ratio. However, with exams and holidays setting in at colleges as well, the campuses may be rather empty. Talk to senior students, alumni and faculty for the inside room.
For a more objective viewpoint, look at how colleges are accredited by government agencies such as the National Board of Accreditation for technical courses and the National Assessment and Accreditation Council for others. Ranking published in

magazines may also be helpful. Scan prospectuses for description of course content. Especially with autonomous institutions, the different papers you will study each semester may differ even for the same course. Ask about the fees you will have to pay and check for any hidden costs in the fine print, ensuring that the total charges conform to government norms. Find out about the scholarships you are eligible for and whether bank loans are available.

Fill in the blanks by choosing the appropriate answer from the given options.

BRUCE AND THE SPIDER

There was once a king of Scotland whose name was Robert Bruce. He needed to be both brave and wise because the times in which he lived were wild and rude. The King of England was at war with him and had led a great army into Scotland to drive him out of the land. Battle after battle had been fought. Six times Bruce had led his brave little army against his foes and six times his men had been beaten and driven into flight. At last his army was scattered, and he was forced to hide himself in the woods and in lonely places among the mountains. One rainy day, Bruce lay on the ground under a rude shed listening to the patter of the drops on the roof above him. He was tired and sick at heart and ready to give up all hope. It seemed to him that there was no use for him to try to do anything more. As he lay thinking, he saw a spider over his head making ready to weave her web. He watched her as she toiled slowly and with great care. Six times she tried to throw her frail thread from one beam to another, and six times it fell short. "Poor thing," said Bruce: "you, too, know what it is to fail." But the spider did not lose hope with the sixth failure. With still more care, she made ready to try for the seventh time. Bruce almost forgot his own troubles as he watched her swing herself out upon the slender line. Would she fail again? No! The thread was carried safely to the beam and fastened there. "I, too, will try a seventh time!" cried Bruce. He arose and called his men together. He told them of his plans and sent them out with messages of cheer to his disheartened people. Soon there was an army of brave Scotchmen around him. Another battle was fought, and the King of

England was glad to go back into his own country. I have heard it said that, after that day, no one by the name of Bruce would ever hurt a spider. The lesson which the little creature had taught the king was never forgotten.

Questions:-

- What did the spider teach Robert Bruce?
- How did Robert Bruce show that he was both brave and wise?
- What does the word rude mean in the sentence "Bruce lay on the ground under a rude shed?"
- How does the King of England show that he is different from Robert Bruce?
- What lesson did the spider teach?

4. Write a letter to your friend about your college day celebrations

1x10=10

5. Write your views on cultural exchange programmes.

1x5=5

6. Write an essay on "Environmental Degradation".

1x10=10

7. Develop the hints into a readable passage:-

1x10=10.

Mike and Morris lived in the same village. While Morris owned the largest jewellery shop in the village, Mike was a poor farmer. Both had large families with many sons, daughters-in-law and grandchildren. One fine day, Mike, tired of not being able to feed his family, decided to leave the village and move to the city where he was certain to earn enough to feed everyone. Along with his family, he left the village for the city. At night, they stopped under a large tree. There was a stream running nearby where they could freshen up themselves. He told his sons to clear the area below the tree, he told his wife to fetch water and he instructed his daughters-in-law to make up the fire and started cutting wood from the tree himself. They didn't know that in the branches of the tree, there was a thief hiding. He watched as Mike's family worked together and also noticed that they had nothing to cook. Mike's wife also thought the same and asked her husband "Everything is ready but what shall we eat?" Mike raised his hands to heaven and said "Don't worry. He is watching all this from above. He will help us." The thief got worried as he had seen that the family was large and worked well together. Taking advantage of the fact that they did not know he was hiding in the branches, he decided to make a quick escape. He climbed down safely when they were not looking and ran for his life. But, he left behind the bundle of stolen jewels and money which dropped into Mike's lap. Mike opened it and jumped with joy when he saw the contents. The family gathered all their belongings and returned to the village. There was great excitement when they told everyone how they got rich. Morris thought that the tree was miraculous and this was a nice and quick way to earn some money. He ordered his family to pack some clothes and they set off as if on a journey. They also stopped under the same tree and Morris started

commanding everyone as Mike had done. But no one in his family was willing to obey his orders. Being a rich family, they were used to having servants all around. So, the one who went to the river to fetch water enjoyed a nice bath and the one who went to get wood for fire went off to sleep. Morris's wife said, "Everything is ready but what shall we eat?" Morris raised his hands and said, "Don't worry. He is watching all this from above. He will help us." As soon as he finished saying, the thief jumped down from the tree with a knife in hand. Seeing him, everyone started running here and there to save their lives. The thief stole everything they had and Morris and his family had to return to the village empty handed, having lost all their valuables that they had taken with them.

1: Why did Mike and his family decide to rest under the thief's tree?

2: Who is Morris?

3: What did Mike mean when he said "He is watching all this from above"?

4: How did the fellow villagers react to Mike getting rich overnight?

5: Why did the thief return to the tree?

4. Write a letter to your friend about your ambition and how you are working to achieve it. 1x10=10

5. Write your views on environmental degradation. 1x5=5

6. Write an essay on the status of women in the society. 1x10=10

7. Develop the hints into a readable passage:-1x10=10.
