## WEBINAR ON MACHINE LEARNING WITH PYTHON

|                        |                                                                  |
|------------------------|------------------------------------------------------------------|
| Name of the Department | Information System Management                                    |
| Date                   | 26.05.2021                                                       |
| Mode                   | Online                                                           |
| Topic                  | Webinar on Machine Learning with Python                          |
| Resource Person        | Mr.S.Kalidas, Founder & Director, If and for Endeavour, Chennai. |
| Objective              | Python programming language                                      |
| Event Category         | Capacity Building – Awareness of Trends in Technology            |
| Level                  | Inter departmental                                               |
| No. of Participants    | 114                                                              |

The resource person highlighted the information such as:

- Python Features.
- Converting the program from other language by using python program.
- Python structure.
- Data types & Operations in python.
- Interpretations in python.
- General purposes of coding language of python and very interesting and interactive among the students.
